

Adult Education: Israel Current Events

Do you want to learn more about current-day Israel and the Middle East? Are you befuddled by the ever-changing landscape and conflicting viewpoints? Would you like to explore challenging issues in a safe, informal community environment?

The Israel Current Events series is a monthly forum to be informed and engaged on the key issues affecting Israel, the Middle East, and our own Seattle-area Jewish community. Together, we learn about and examine some of the thorniest issues, explore and respect different opinions, and engage in discussions that enlighten and enhance community cohesion. Details at www.BroaderView.org/Current.

Nevet Basker is the founder and director of Broader View, an Israel resource center. Born and raised in Israel, Nevet is an independent educator, public speaker, and policy adviser focused on modern-day Israel and the Israeli-Palestinian conflict. Her approach is pluralistic and inclusive, open to a range of viewpoints, with an explicit goal of building community, based on constructive dialog and support for the Jewish state.

"Attending a talk or a workshop by Nevet Basker is a life-changing event. She has a special talent for gathering in people from all sides of the ideological spectrum and uniting them through education, understanding and shared values. Her insights are bold, surprising and new, and help guide those in attendance through the maze of Israel - Palestine issues to see the essential truths more clearly than ever before." - Robert Wilkes

Price: \$100 for the series (either time slot).
